

Holly Area Schools

Excellence in Action!

Hello HAS Students and Families,

We are excited to welcome all of our students and families back for the 2020-2021 school year. Although we are not starting out like any year before, our teachers are anxious to begin connecting with each of their students and we are very excited about the possibilities that this year will bring.

As you have probably heard, we will all be using Schoology, our new Learning Management System beginning next week for all students in Y5 -12th grade. The Schoology platform provides students and their families access to course information, lessons, assignments, and feedback. Please follow the steps below to gain access.

Get Started

Y5 and Kindergarten students will...

(If you are in 1st through 12th grade skip to your section below)

1. Power on your iPad.
2. You will need your students **District Email** (this is the username) and **Password** (same password as last year). Your teacher will be sending it in an email this afternoon.

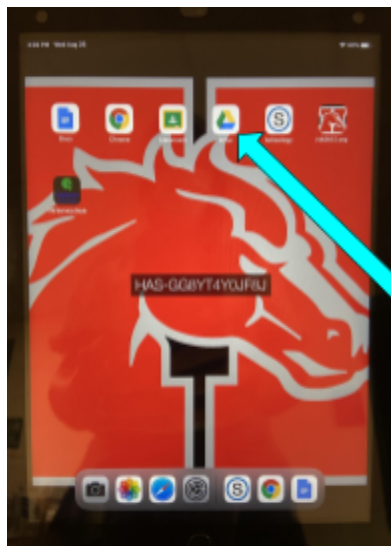

If you cannot access your account or cannot remember your username or password, contact your school office or reply to your teacher's email.

3. Once on you will see the Broncho H, Click the **Home Button** on the bottom center of the iPad

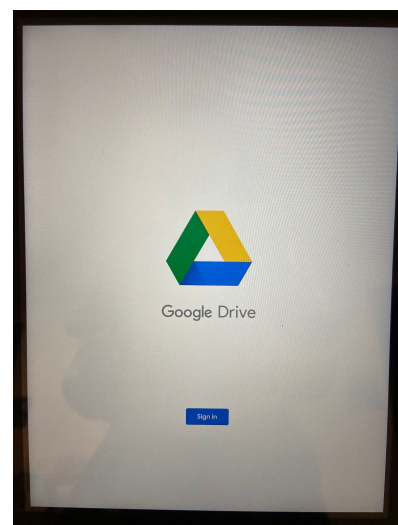

4. From the Home Screen you will see all your current Apps. There are only a few to get us started, more will come as we need them. We will log into 3 Apps to get started.

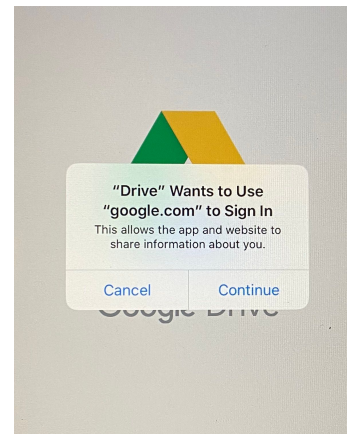

First, click on the **Google Drive App**

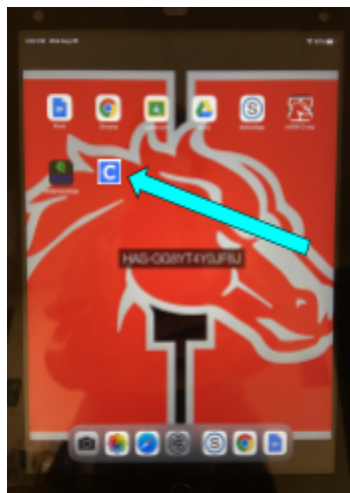

Once Open, it looks like this...Click **Sign In** and enter your Students **District Email** and **Password**.

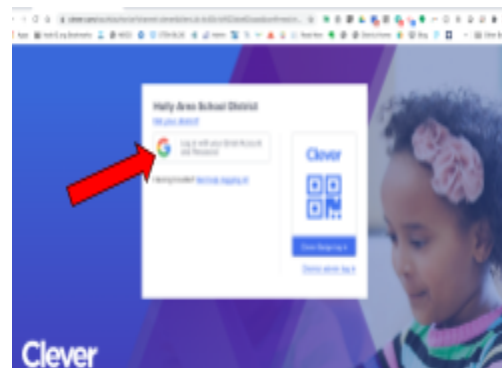

If you receive this message, click **Continue** and enter your Students **District Email** and **Password**.

Next, Click on the **Clever App**

Click on the **“Log in with Your Email Account and Password”** button.

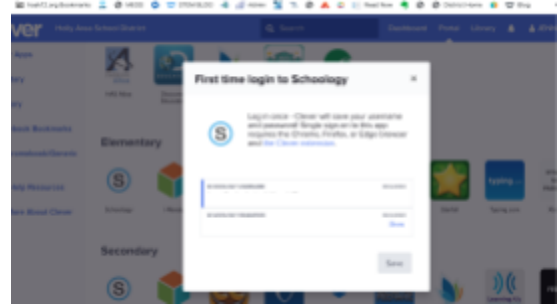

You may need to choose your name from the list in order for Clever to login.

Finally, Inside the Clever App click on the **Schoology Icon**

Now enter your **district email and password**. You should only have to do this once. Next time, Clever will remember and you will go right into Schoology.

1st Through 12th Grade Students will...

1. Make sure your students can login to their district-provided device.
 - a. Students login with their **District Email** (this is the username) and Password (same password as last year).

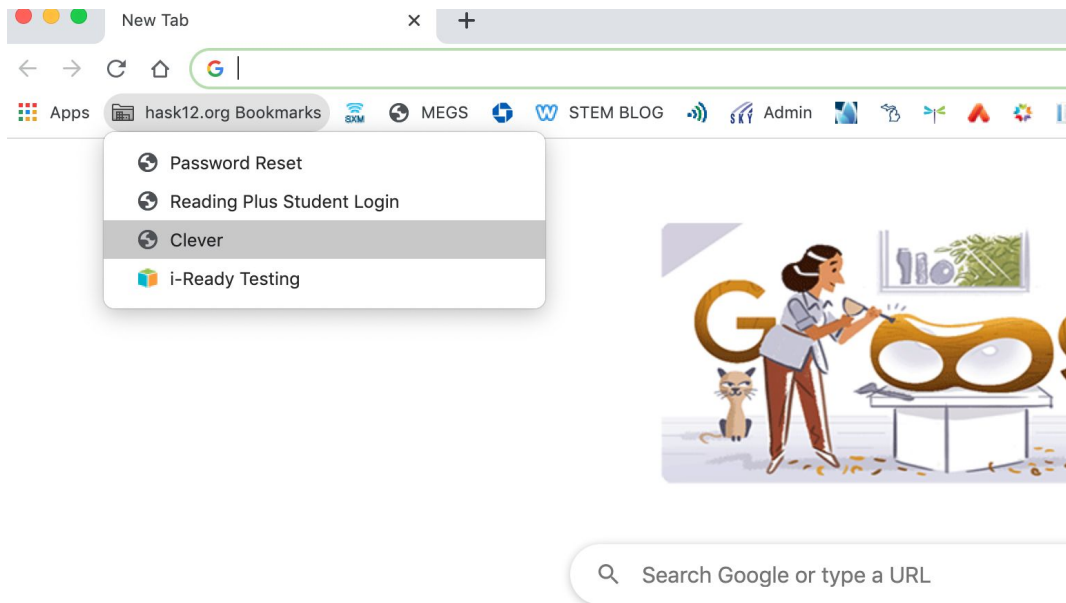

If you cannot access your account or cannot remember your username or password, contact your school office or reply to your teacher's email.

2. Once you are logged in, click on the Chrome Circle at the bottom of the screen.

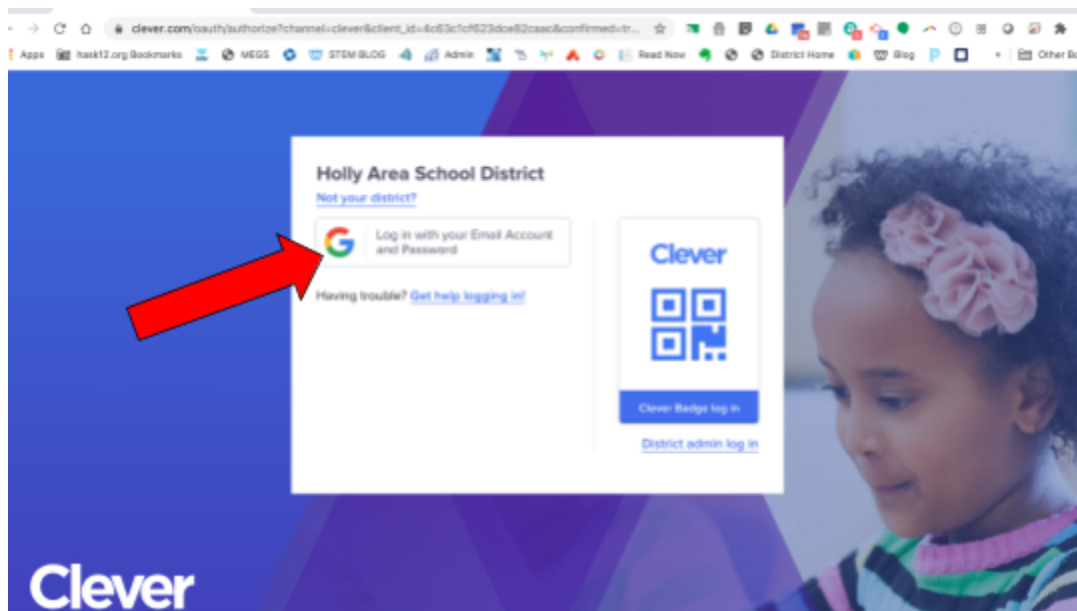

3. Look to the top left corner and click on - **stu.hask12.org Bookmarks**

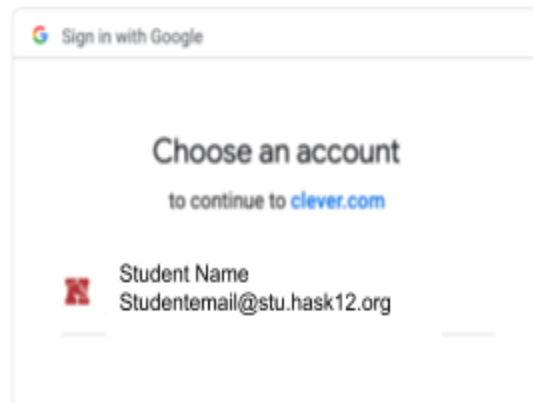

4. Choose **Clever** from the drop down (Clever is a great tool that lets students login to many applications without having to type in their username and password every time).

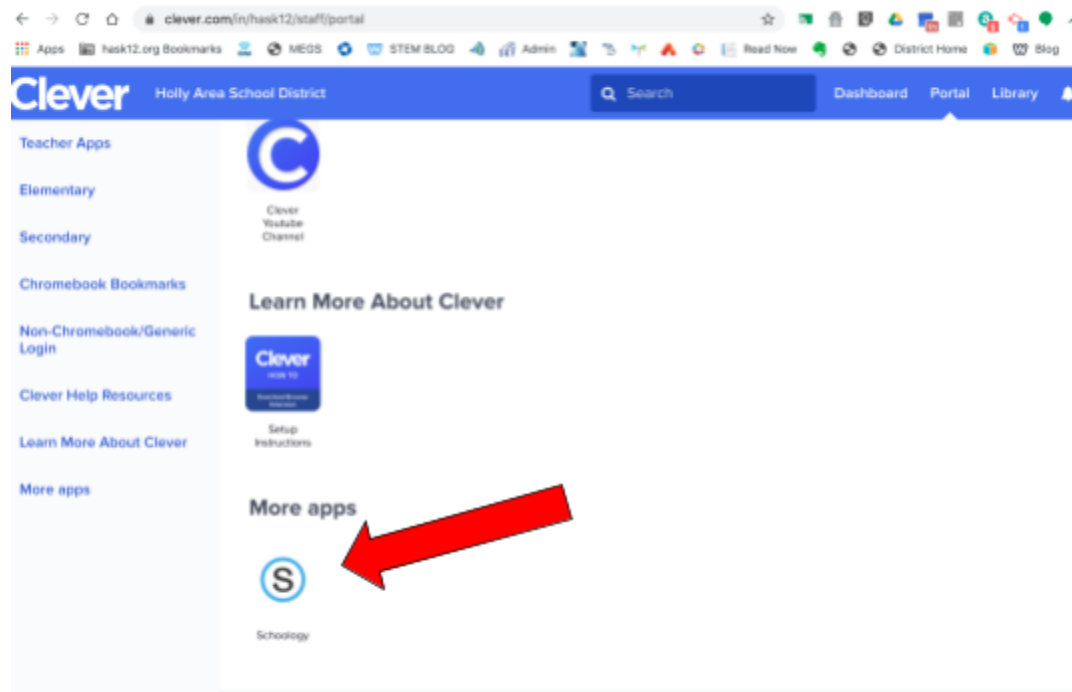

5. Click on the “Log in with Your Email Account and Password” button.

6. You **may** need to select your name in the list for Clever to open.

7. Now get onto Schoology by selecting the Schoology button.

NOTE: You need to enter the same district **password** that you used to get into your device, but only this once. In the future, Clever will remember it for you!

Yeah!!! You are in Schoology. The first time you login, you might have a self-guided tour pop up. Feel free to read and follow along. You can also investigate a little. Don't worry, play around, you won't break anything!! Your teachers will be guiding you through everything you need to know about Schoology next week, but getting in and starting to get familiar will help you to be ready for the first day.

If you have questions, your teacher will be able to help you next week. Look for an email from your teacher inviting you to your first classroom Google Meet(s) on Monday.

Once again, we are excited to kick off the year with all of our Bronchos. Whether you are beginning your first year of school or starting your last, we know it will be a great year to be a Broncho!!
