#### Definition of scholarship categories

- 1) **HIGHER ACHIEVER** - A student who has shown outstanding progress and/or improvement in a construction program over the duration of at least one year. To be considered, this student must have made the most "individual" improvement in regards to attitude, attendance, dedication, and hard work. Grade point average in construction class or other classes will not be used as a determining factor.
- 2) **STUDENT ENTERING TRADE** - A student who, as a result of natural ability, hard work and dedication, has been consistently outstanding in a construction program over the duration of at least one year. This scholarship is intended for a student who plans on entering the trade immediately upon completion of high school. The student must have a minimum of a 3.0 (B) grade point average in construction classes to apply. Verified statement of grade point average required.
