

Tuition Preschool 2024-2025 Rates

Holly Area Schools Early Childhood Department believes that individual children develop best in a nurturing classroom through active learning experiences. With the HighScope curriculum, the teaching teams work to build confidence in all children in order to establish a solid foundation at their own developmental level. We foster supportive relationships with families and community partners to enrich the child's emotional and social development. These beliefs guide our practice and provide the framework for program decisions.
